

any new measure. NMFS may implement the Council's recommendation by rulemaking if approved by the Regional Director.

§ 660.54 Five-year review.

The Council, in cooperation with NMFS, will conduct a review of the effectiveness and impacts of the NWHI management program, including biological, economic, and social aspects of the fishery, by July 1, 2001.

Subpart E—Bottomfish and Seamount Groundfish Fisheries

§ 660.61 Permits.

(a) The owner of any vessel used to fish for bottomfish in the Mau Zone must have a permit issued under this section for that vessel. Permits for persons not previously permitted to fish in the Mau Zone will not be issued for a 2-year period beginning March 27, 1997.

(b) *Application.* (1) An application for a permit required under this section will be submitted to the Pacific Area Office as described in § 660.13.

(2) Before the Regional Director issues a Mau Zone or Ho'omalu zone permit to fish for bottomfish under this section, the primary operator and relief operator named on the application form must have completed a protected species workshop conducted by NMFS.

(3) Each applicant for a Ho'omalu zone permit will submit a supplementary information sheet to be provided by the Pacific Area Office. Each application for a Ho'omalu zone permit will be signed by the vessel owner or a designee and include the following information:

(i) The qualification criterion that the applicant believes he or she meets for issuance of a limited access permit; and

(ii) Copies of landings receipts or other documentation, with a certification from a state or Federal agency that this information is accurate, to demonstrate participation in the NWHI bottomfish fishery; or

(iii) If the application is filed by a partnership or corporation, the application must identify the names of the owners and their respective percentage

of ownership of the partnership or corporation.

(c) *Sale or transfer of Ho'omalu Zone permits to new vessel owners.* (1) A Ho'omalu zone permit shall not be sold or otherwise transferred to a new owner.

(2) A Ho'omalu zone permit or permits may be held by a partnership or corporation. If 50 percent or more of the ownership of the vessel passes to persons other than those listed in the original application, the permit will lapse and must be surrendered to the Regional Director.

(d) *Transfer of permits to replacement vessels.* (1) An owner of a permitted vessel may, without limitation, transfer his or her permit to another vessel owned by him or her, provided that the replacement vessel does not exceed 60 ft (18.3 m) in length and that the replacement vessel is put into service within 12 months after the owner declares to the Regional Director the intent to make the transfer of the permit.

(2) An owner of a permitted vessel may apply to the Regional Director for approval to use the permit for a replacement vessel greater than 60 ft (18.3 m) in length. The Regional Director may allow this change upon determining, after consultation with the Council and considering the objectives of the limited access program, that the replacement vessel has equal catching power as the original vessel, or that the replacement vessel has catching power that is comparable to the rest of the vessels holding permits for the fishery, and that the change is not inconsistent with the objectives of the program.

(3) The Regional Director shall consider vessel length, range, hold capacity, gear limitations, and other appropriate factors in making determinations of catching power equivalency and comparability of the catching power of vessels in the fishery.

(e) *Supplementary requirements for permit renewal.* (1) A permit will be eligible for renewal if the vessel covered by the permit makes three or more qualifying landings as defined in § 660.12 during the permit year.

(2) The owner of a permitted vessel that did not make three or more qualifying landings of bottomfish in a year may apply to the Regional Director for waiver of the landing requirement. If the Regional Director finds that failure to make three landings was due to circumstances beyond the owner's control, the Regional Director may renew the permit. A waiver may not be granted if the failure to make three landings was due to general economic conditions or market conditions, such that the vessel operations would not be profitable.

(f) *Supplementary requirements for new limited access permits.* The Regional Director may issue new vessel permits under this part when the Regional Director has determined, in consultation with the Council, that bottomfish stocks in the Ho'omalū Zone are able to support additional fishing effort. This shall be established by determining that the total estimated annual revenue to the fleet exceeds the total estimated annual fixed and variable costs to the fleet in the Ho'omalū Zone by an amount at least equal to the average cost of a vessel year. This determination shall be made and published annually in association with the annual report required under § 660.67.

(g) *Eligibility for new limited access permits.* When the Regional Director has determined that new permits may be issued, they shall be issued to applicants based upon eligibility, determined as follows:

(1) *Point system.* (i) Two points shall be assigned for each year in which the applicant was owner or captain of a vessel that made three or more qualifying landings of bottomfish from the NWHI.

(ii) One point shall be assigned for each year in which the applicant was owner or captain of a vessel that landed at least 6,000 lb (2,722 kg) of bottomfish from the main Hawaiian Islands.

(iii) Points will be assigned only under paragraph (g)(1)(i) or (ii) of this section for any 1 year.

(iv) Points will be assigned for every year for which the requisite landings can be documented.

(2) *Restrictions.* An applicant must own at least a 25-percent share in the

vessel that the permit would cover, and only one permit will be assigned to any vessel.

(3) *Order of issuance.* New permits shall be awarded to applicants in descending order, starting with the applicant with the largest number of points. If two or more persons have an equal number of points, and there are insufficient new permits for all such applicants, the new permits shall be awarded by the Regional Director through a lottery.

(4) *Notification.* The Regional Director shall place a notice in the FEDERAL REGISTER and shall use other means to notify prospective applicants of the opportunity to file applications for new permits under this program.

(h) *Appeals of permit actions.* (1) Except as provided in subpart D of 15 CFR part 904, any applicant for a permit or a permit holder may appeal the granting, denial, conditioning, or suspension of their permit or a permit affecting their interests to the Assistant Administrator. In order to be considered by the Assistant Administrator, such appeal must be in writing, must state the action(s) appealed, and the reasons therefor, and must be submitted within 30 days of the action(s) by the Regional Director. The appellant may request an informal hearing on the appeal.

(2) Upon receipt of an appeal authorized by this section, the Assistant Administrator will notify the permit applicant, or permit holder as appropriate, and will request such additional information and in such form as will allow action upon the appeal. Upon receipt of sufficient information, the Assistant Administrator will decide the appeal in accordance with the permit eligibility criteria set forth in this section and the amendment to the FMP, as appropriate, based upon information relative to the application on file at NMFS and the Council and any additional information, the summary record kept of any hearing and the hearing officer's recommended decision, if any, and such other considerations as deemed appropriate. The Assistant Administrator will notify all interested persons of the decision, and the reasons therefor, in writing, normally within 30 days of the receipt of

§ 660.62

sufficient information, unless additional time is needed for a hearing.

(3) If a hearing is requested, or if the Assistant Administrator determines that one is appropriate, the Assistant Administrator may grant an informal hearing before a hearing officer designated for that purpose after first giving notice of the time, place, and subject matter of the hearing in the FEDERAL REGISTER. Such a hearing shall normally be held no later than 30 days following publication of the notice in the FEDERAL REGISTER, unless the hearing officer extends the time for reasons deemed equitable. The appellant, the applicant (if different), and, at the discretion of the hearing officer, other interested persons, may appear personally or be represented by counsel at the hearing and submit information and present arguments as determined appropriate by the hearing officer. Within 30 days of the last day of the hearing, the hearing officer shall recommend in writing a decision to the Assistant Administrator.

(4) The Assistant Administrator may adopt the hearing officer's recommended decision, in whole or in part, or may reject or modify it. In any event, the Assistant Administrator will notify interested persons of the decision, and the reason(s) therefore, in writing, within 30 days of receipt of the hearing officer's recommended decision. The Assistant Administrator's action shall constitute final action for the agency for the purposes of the APA.

(5) Any time limit prescribed in this section may be extended for a period not to exceed 30 days by the Assistant Administrator for good cause, either upon his or her own motion or upon written request from the appellant or applicant stating the reason(s) therefore.

[61 FR 34572, July 2, 1996, as amended at 62 FR 8638, Feb. 26, 1997]

§ 660.62 Prohibitions.

In addition to the general prohibitions specified in § 600.725 of this chapter and § 660.15, it is unlawful for any person to do any of the following:

(a) Fish for bottomfish or seamount groundfish using gear prohibited under § 660.64.

50 CFR Ch. VI (10–1–98 Edition)

(b) Fish for bottomfish in the Ho'omalū Zone without a limited access permit issued under §§ 660.13 and 660.61.

(c) Fish for bottomfish in the Mau Zone without a permit issued under §§ 660.13 and 660.61.

(d) Serve as primary operator or relief operator on a vessel with a Mau or Ho'omalū Zone permit without completing a protected species workshop conducted by NMFS, as required by § 660.61.

(e) Fail to notify the USCG at least 24 hours prior to making any landing of bottomfish taken in the Ho'omalū Zone, as required by § 660.63.

(f) Fish within any protected species study zone in the NWHI without notifying the Regional Director of the intent to fish in these zones, as required under § 660.63.

§ 660.63 Notification.

(a) The owner or operator of a fishing vessel subject to this subpart must inform the Pacific Area Office at least 72 hours (not including weekends and holidays) before leaving port, of his or her intent to fish within the protected species study zones defined in § 660.12. The notice must include the name of the vessel, name of the operator, intended departure and return date, and a telephone number at which the owner or operator may be contacted during the business day (8 a.m. to 5 p.m.) to indicate whether an observer will be required on the subject fishing trip.

(b) The operator of a fishing vessel that has taken bottomfish in the Ho'omalū Zone must contact the USCG, by radio or otherwise, at the 14th District, Honolulu, HI; Pacific Area, San Francisco, CA; or 17th District, Juneau, AK, at least 24 hours before landing, and report the port and the approximate date and time at which the bottomfish will be landed.

§ 660.64 Gear restrictions.

(a) *Bottom trawls and bottom set gillnets.* Fishing for bottomfish and seamount groundfish with bottom trawls and bottom set gillnets is prohibited.

(b) *Possession of gear.* Possession of a bottom trawl and bottom set gillnet by any vessel having a permit under § 660.61 or otherwise established to be
